

Pediatrics

2020 Clinical Integration (CI) Pharmacy Program

The following are Key Recommendations to help increase Payer Quality Scores:

- Encourage human papilloma virus (HPV) vaccination with Gardasil 9! – Now a Cancer Prevention message – use CDC or American Cancer Society resources to increase vaccination rates!
- Order yearly chlamydia screening for patients 16 to 24 years of age.
- Avoid prescribing antibiotics to children diagnosed with a likely viral illness including URI!
- Order a strep test for patients 3-18 years of age diagnosed with pharyngitis before prescribing an antibiotic!
- Use *Choosing Wisely* resources to help reinforce vaccination message and appropriate antimicrobial stewardship.
- Schedule a return office visit within 30 days following prescribing an ADHD medication for patients 6-12 years of age!
- Order metabolic testing 1) at least one blood glucose or HbA1c and, 2) at least one LDL or cholesterol level for patients receiving two or more prescription fills for antipsychotics!

The following are Key Recommendations to help increase generic prescribing:

- Reinforce the value of generics with patients!
- Prescribe 90 day supplies of maintenance (chronic use) medications!
- Use generic Adderall, generic Adderall XR, generic Concerta, generic Dexedrine Spansules, generic Focalin, generic Focalin XR, generic Metadate CD, generic Metadate ER, generic Ritalin LA, or generic Ritalin SR.
Use brand Adzenys XR-ODT, Aptensio XR, Cotelpla XR ODT, Daytrana, Dyanavel XR, QuilliChew XR and Vyvanse as secondary options.

Generic Advair Diskus (fluticasone/salmeterol) 50mcg/100mcg; 100mcg/50mcg; and 250mcg/50mcg inhalation powder is now available!

Generic Ventolin HFA (albuterol 90mcg/puff) 18g inhaler is now available!

Continued on next side

- Use generic Acular (ketorolac 0.5%), generic Elestat (epinastine), generic Optivar (azelastine), generic Crolom (cromolyn 4%), generic Pataday (olopatadine 0.2%), generic Patanol (olopatadine 0.1%), or Zaditor (ketotifen) OTC.

Use Alocril, Alomide, Alex, Bepreve, Lastacraft, and Pazeo as secondary options.
